Al-Artiq Arabia Company

General Contracting

◀ ABOUT US

. AL-ARTIQAA AL-ARABIA GENERAL CONTRACTING COMPANY is a specialized Saudi contracting firm focused on providing high-quality waterproofing and thermal insulation solutions. With extensive experience in the construction and maintenance sector, the company has successfully executed numerous projects for major government and private entities.

We are committed to delivering durable, efficient, and environmentally responsible systems using advanced materials such as POLYUREA, BITUMINOUS MEMBRANE, and POLYURETHANE INSULATION. Our qualified technical teams ensure the highest standards of safety, quality, and performance in every project we undertake.

◀ VISION

To be one of the leading companies in the Kingdom of Saudi Arabia specializing in waterproofing and thermal insulation works, contributing effectively to achieving **Saudi Vision 2030** by enhancing construction quality, promoting sustainability, and supporting the growth of national industries through innovation and technical excellence.

◀ MISSION

To provide reliable, high-quality waterproofing and insulation solutions that ensure durability and client satisfaction, while upholding safety, sustainability, and the objectives of **Saudi Vision 2030**.

◀ OBJECTIVES:

- Deliver high-quality waterproofing and insulation projects.
- Ensure safety, sustainability, and environmental responsibility.
- Enhance client satisfaction through professional and timely execution.
- Support the development of national industries in line with Saudi Vision .2030

◀ Quality Policy:

AL-ARTIQAA AL-ARABIA GENERAL CONTRACTING COMPANY is committed to providing exceptional waterproofing and thermal insulation solutions that meet international and local quality standards. We focus on:

Continuous improvement of our processes, techniques, and workforce skills.

Strict adherence to safety, health, and environmental regulations on all projects.

Use of advanced materials and technologies to ensure durability and performance.

Client satisfaction through timely, professional, and reliable project execution.

Our quality policy aligns with our mission to support sustainable development and the objectives of Saudi Vision 2030.

VALUES

- **Integrity:** Honest and ethical practices.
- **Excellence:** Highest standards in quality and service.
- **Safety:** Prioritizing team, client, and environmental well-being.
- **Innovation:** Applying modern technologies and solutions.
- **Sustainability:** Committed to environmentally responsible practices aligned with **Saudi Vision 2030**.

Integrity:

In all our dealings, we uphold integrity in every aspect, as it is evidence of the sincerity of our contracts and our efforts in delivering high-quality projects and services according to business needs.

Innovation and Professionalism:

We encourage our team to innovate and offer them the latest technology that helps them better their working methodologies, to supply our clients with innovative services based on experience.

Long-Lasting Partnerships:

We believe in the value of forming strategic partnerships with significant companies to share knowledge and experience pivotal to our development.

Communication:

Communication is effective in establishing good relationships with clients. We offer our clients excellent customer service to help them professionally solve any issues that might hinder the work process.
